PROFILE

Dedicated and hardworking individual with a passion for continuous learning and professional growth. Skilled in teamwork, time management, and achieving goals efficiently. Focused on contributing positively to organizational success.

WORK EXPERIENCE

HP LIFE (HP Foundation)

AI Fundamentals Trainee

Completed the AI for Beginners course by HP LIFE (HP Foundation), gaining foundational knowledge of artificial intelligence concepts and real-world applications. Learned how data drives AI systems, explored business use cases, and developed awareness of ethical considerations in AI technologies.

Linkamber **Jun 2025 - Present**

Web Scraping Developer

Working as a Web Scraping Developer at Linkamber, responsible for extracting, processing, and organizing data from various online sources. I develop automated scripts and tools to collect structured data efficiently, ensuring accuracy and reliability for business use.

HP Foundation

Data Science & Analytics Trainee

Completed the Data Science & Analytics course by HP LIFE (HP Foundation), gaining knowledge of key data science practices, analytical methodologies, and tools. Learned how data-driven approaches support business decision-making and developed an understanding of essential skills required for a career in data science.

NRSP(National Rural Support Programme) **Jul 2024 - Jul 2025**

RP(Resource Person)

Resource Person at NRSP (British Council), facilitating learning sessions and supporting skill development and community programs.

EDUCATION

Bachelor of Science in Computer Science (BSCS) **Jun 2024 - Continue**

Abdul Wali Khan University

Currently pursuing a Bachelor's degree in Computer Science (6th semester), with a focus on programming, data structures, databases, and software development. Actively building practical skills in web scraping, data handling, and basic artificial intelligence concepts.
